# Marker lamp FT-070 B+K LED QS150

Part no.: FT-070 B+K LED QS150

**Price on request**

Fristom

## Description

The unique lamp construction solution which increases air-tightness and the light and electronic components resistance to any external conditions. The revolutionary system of assembly – there are no visible signs of joining bodywork with lamp surface. The lamp is available in two versions and presents a revolutionary light emission system which goes along with an innovative design. This combination procures that with the highest probability our lamp is the most recognizable and eye-catching product on the market.

2-functional LED clearance lamp – low power consumption

European E9 homologation

ElectroMagnetic Compatibility – EMC certificate

Shock-resistance – PC lampshade

Optional polarity connection

The lamp meets ADR requirements.

## Specifications

|                |                                       |
|----------------|---------------------------------------|
| Voltage        | 12-30 V                               |
| Light colour   | white                                 |
| Connection     | QS150 quick connector                 |
| ADR approval   | no                                    |
| position light | 12 V: 0,08 A, 1 W · 24 V: 0,08 A, 2 W |
| Weight         | 0,12 kg                               |
