Reversing lamp FT-323

Part no.: FT-323

Price on request

Fristom

Description

- The FT-324 LED lamp features 3 FUNCTIONS – NEON position light, reverse light, and rear fog light.
- It stands out with its original styling, precise finish, and exceptional durability. – It impresses not only with its attractive appearance but also significantly improves vehicle visibility and enhances road safety.
- In the standard version, these are recessed lamps, allowing for an aesthetic and fully integrated body finish.
- They are also available with a black rectangular mounting frame (FT-323 LED FR1, FT-324 LED FR1) , enabling direct installation onto the vehicle body.

Mounting frames are also available as optional accessories:

single (FT-323/324 FR1)

double (FT-323/324 FR2)

- Installation is possible both vertically and horizontally.
- The products are E9 European type-approved and EMC certified, ensuring high quality and safe operation.
