Work lamp FT-036 LED ALU 2800 MAG M30

Part no.: FT-036 LED ALU 2800 MAG M30

Price on request

Fristom

Description

The new series of universal LED work lamps FT-036 LED ALU 2800 is equipped with highly efficient CREE LED's and an aluminium housing that brings outstanding lighting parameters. Fristom work lamps are widely used both in road and water transportation, agriculture, construction and water sports. They are characterised by relatively low power consumption. Rated power of FT-036 LED ALU 2800 lamps fluctuate around 34W! Small overall dimensions make possible to mount the lamps in the most inaccessible locations. The housing and other lamp parts are made of top quality materials and electronic components highly resistant to both high and low temperatures, mechanical damages and vibrations.

Warning! The aluminium housing of FT-036 LED ALU 2800 work lamps also performs the function of the heat sink and may become very hot!

Specifications

Voltage	12-24 V
Luminous flux	2800 lm
Connection	magnetic base
Cable length	3 m
ADR approval	no
Work lamps	12 V: 2,8 A · 24 V: 1,4 A · Peak: 34 W
Weight	1,35 kg
